# Nature's Hide & Seek

I can't find KIP. He always hides so well. Can you help me?

Sshhhhh!  
I'm hiding from TRACK.

Oh, there he is. You're a good helper.

Now, let's find some other things hiding in nature. Just remember that all things in nature have a special place. Make sure you leave them here, so others can find them too!

Tree with  
needle leaves

Bird

Oddly-shaped  
tree trunk

Rough bark

Many things in nature go unseen.  
Their size, color and location can make  
them hard to find.

Ants

Mushroom

On your walk today, see if you  
can find some of these things.

Bee

Butterfly
