Nature's Hide & Seek

I can't find KIP. She always hides so well. Can you help me?

Sshhhhh!
I'm hiding from TRACK.

Oh, there she is. You're a good helper.

Now, let's find some other things hiding in nature. Just remember that all things in nature have a special place. Make sure you leave them here, so others can find them too!

Smelly plant

Bird

Snake skin

Many things in nature go unseen.
Their size, color, and location can make
them hard to find.

Owl pellets (poop)

Spider web

On your walk today,
see if you can find
some of these things.

Wildflower

Butterfly

Lizard
