

Spring Showers

The Spring season can bring a lot of rain. That gives you a great opportunity to investigate the weather at your home!

1 Cut top off plastic bottle.

2 Turn the top upside down and put inside bottom piece.

3 Draw inch marks on a piece of tape. Put rocks in bottom and fill with water to the "0" mark.

4 Put in an open spot & measure after rainfall.

Measure every day for 5 days.
