Welcome to the Metzler Park Nature Trail Disc Golf Course  
*...where the flight of your disc is the trail and the tee-signs and scorecards are your nature guides.*  
 Disc golf is an excellent way to be physically active outdoors and discover nature. As you play your round of disc golf today, use the tee-signs and back of this scorecard to learn about and connect with some of the natural elements found around Metzler Park.

Seasonal Layouts: There are two different course layouts at Metzler Park: the "Summer Course" (Front 9) and the "Winter Course" (Full 18).  
 During the "summer" (May 1 - September 30) only the Front 9 is playable. The Back 9 is removed due to its overlap with the campground. Players wanting to play 18 holes must play the Front 9 twice.  
 During the "winter" (October 1 - April 30), when the campground is closed, the Back 9 is reopened and players have access to the full 18-hole course.

## Metzler Park - Course Map

# "Birdies"

Whether in good scores or actual birds, it's always fun to see as many "birdies" as you can during a round of disc golf. While playing your round today, use this side of your scorecard to identify a few of the common birds found here at Metzler Park. Soon identifying these birds will be as easy as making a five foot putt. Good luck and have fun!

Dark-eyed Junco

Mallard

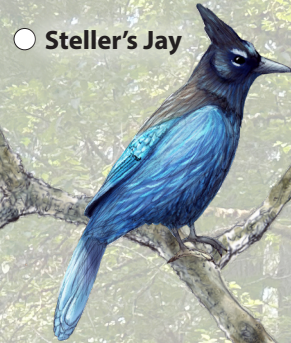

Red-tailed Hawk

Chestnut-backed Chickadee

American Robin

Steller's Jay

Anna's Hummingbird

Osprey

Violet-green Swallow

American Crow

Belted Kingfisher

## Register your Round... Earn a Prize!

The mission of the Kids in Parks program is to engage kids and families in outdoor recreation to foster lifelong wellness and meaningful connections with nature. Since disc golf is a great way to do that, we want to give you some disc golf gear to ensure you are able to enjoy future rounds. All you have to do is register this round at: [www.kidsinparks.com](http://www.kidsinparks.com).
