

# What kind of bird is that...

When trying to identify a bird, the first things to look for are location and behavior. Is the bird up high making noise, or on the ground digging in leaves? Next, think about size and shape. Is it big like a crow, or small like a sparrow? Does it have pointy wings, or a long tail? Finally, you can use field marks to identify birds— flip to the back panel to discover how.

**Circle the birds you find on your hike today!**

## in the trees?

Almost all the birds of the Piedmont use trees and shrubs for food, shelter, or nesting. Woodpeckers and chickadees make their nests in the cavities of trees and pick insects from the bark. Trees can provide seeds and berries for birds such as waxwings and goldfinches to eat.

**Look into the trees. How many different birds can you find? \_\_\_\_ What parts of the tree are the birds using? \_\_\_\_\_**

**Downy Woodpecker**  
*Picoides pubescens*  
“Pik.....pik...pik”

**Carolina Chickadee**  
*Poecile carolinensis*  
“chickadeedeedee”

**Eastern Bluebird**  
*Sialia sialis*  
low, soft, varied warbling  
“tru-ly”

**American Goldfinch**  
*Carduelis tristis*  
“per-chik-o-ry”  
in flight

**Turkey Vulture**  
*Cathartes aura*  
warning “hsssss”

**Red-tailed Hawk**  
*Buteo jamaicensis*  
“keeee-arr” raspy scream

**American Crow**  
*Corvus brachyrhynchos*  
“caww caww”

## on the ground?

Birds that feed on the ground usually specialize in catching bugs or finding seeds. American Robins use their beaks to pull earthworms from the ground. Towhees and cardinals scratch through leaves to uncover fallen seeds and berries. Mourning doves peck insects and seeds from gravelly areas.

**Check the ground near trail, stream and field edges. How many different birds can you find? \_\_\_\_ Can you tell what they are eating? \_\_\_\_\_**

**American Robin**  
*Turdus migratorius*  
“plurri, kliwi,  
plurri, kliwi”

**Eastern Towhee**  
*Pipilo erythrophthalmus*  
“drink your teeeee”

**Northern Cardinal**  
*Cardinalis cardinalis*  
whistles “woit woit  
chew chew chew”

**Mourning Dove**  
*Zenaida macroura*  
mournful “ooOOH  
cooo coo coo”

**Carolina Wren**  
*Thryothorus ludovicianus*  
varied “pidaro pidaro pidaro”

**Red-winged Blackbird**  
*Agelaius phoeniceus*  
“conk-la-ree”

## making noise?

Birds make all kinds of noises — some sing to attract a mate, while others will call attention to food, danger or territory. Carolina wrens are known for their loud, cheerful song and chattering sounds.

Northern mockingbirds can imitate hundreds of different sounds, and will sometimes sing at night! **Close your eyes and listen for one minute. How many different birds can you hear around you? \_\_\_\_**

# Birds of the Piedmont

**Brown-headed Nuthatch**  
*Sitta pusilla*  
High pitched squeak, like a rubber dog toy

Depending on the season, over 200 species of birds can be found in the Piedmont region. Use this brochure to discover how you can identify birds with clues such as location, behavior, size, shape and field marks.

## Field Marks

In addition to size, shape, location and behavior, field marks can be used to help identify birds. If you can't identify a bird on your hike, remembering what certain parts of the bird looked like can help you identify it when you get home. On your birding adventure, try to find a bird you don't know and see if it has any of the following field marks:

☐ **wing bars**  
Does the bird have wing bars or patches?

☐ **tail bars**  
Are there any stripes across the bird's tail?

☐ **tail markings**  
Does the bird have white edges on its tail or a different color on the tip?

☐ **nape**  
Is the bird's nape a different color?

☐ **crown**  
Does the bird have a colored "cap" or a crest on its head?

☐ **eyestripe**  
Does the bird have a stripe through the eye?

☐ **eyebrow**  
Does the bird have an eyebrow? What color?

**Blue Jay**  
*Cyanocitta cristata*  
harsh "jay"

☐ **belly**  
What color is the bird's belly?

☐ **side**  
Does the bird have coloring on the sides?

☐ **breast**  
Does the breast have speckles or bands of color?

☐ **beak or bill**  
What shape and color are the beak?

☐ **throat**  
Is the bird's throat a different color?
