Nature's Hide & Seek Winter Edition

It's winter...
and TRACK still hasn't
found me.

Even though all the leaves
have fallen off the trees,
I still can't find KIP.
Can you help me?

Oh, there he is.
You're a good helper.

Now, let's find some other
things hiding in nature.
Finding things in nature sure is fun!
But, here at the Blue Ridge Parkway
and in our National Parks, we are not
allowed to keep the things we find.
All things in nature have a special place.
Make sure you leave them here, so
others can find them too.

Tree with
woodpecker holes

Bird

Squirrel

Dogwood bud

Holly with berries

In winter, when all the leaves have fallen off the trees, the forest opens up and new things can be found hiding in the woods.
Can you help TRACK find these things and check them off his list?

Rock with lichen

Animal tracks
