Sshhhhh!
I'm hiding from TRACK.

I can't find KIP.
He always hides so good.
Can you help me?

Oh, there he is.
You're a good helper.

Now, let's find some other things hiding in nature. Finding things in nature is fun. Just remember that all things in nature have a special place. Make sure you leave them here, so others can find them too.

Many things in nature go unseen. Their size, color and location often cause us not to notice them. On your walk today, see if you can find some of these things.

Wow, KIP! Look at all the huge boulders.
