Nature's Hide & Seek Winter Edition

Sshhhhh!
I'm hiding from TRACK.

I can't find KIP.
He always hides so good.
Can you help me?

Oh, there he is.
You're a good helper.

Along the way, let's find some other things hiding in nature during winter. Just remember that all things in nature have a special place. Make sure you leave them here, so others can find them too.

Tree with woodpecker holes

Bird

In winter, when all the leaves have fallen off the trees, the forest opens up and new things can be found hiding in the woods. Can you help us find these things and check them off our list?

Squirrel

Holly with berries

Rock with lichen

Ice

Animal tracks
