Nature's Hide & Seek

Spring Edition

It's Spring...
and TRACK still hasn't
found me.

Now that it's spring and everything is growing again, it's going to be harder to find KIP. Can you help me?

Oh, there he is.
You're a good helper.

Now, let's find some other things hiding in nature this spring. Finding things in nature is fun. Just remember that all things in nature have a special place. Make sure you leave them here, so others can find them too.
