Nature's Hide & Seek

Sshhhhh!
I'm hiding from TRACK.

I can't find KIP. He always hides so well. Can you help me?
Oh, there he is. You're a good helper.

Now, let's find some other things hiding in nature. Finding things in nature is fun. Just remember that all things in nature have a special place. Make sure you leave them here, so others can find them too.

Bird

A bunch of my brothers and sisters are hiding along the trail, see how many you can find.

Woodpecker holes

Spider

Wildflower

Pollinator

Fern

Mushroom

Many things in nature go unseen. Their size, color and location often cause us not to notice them. On your walk today, see if you can help TRACK and KIP on their quest to find some cool things hiding in nature.
