Nature's Hide & Seek

I can't find KIP. He always hides so well. Can you help me?

Sshhhhh!
I'm hiding from TRACK.

Oh, there he is. You're a good helper.

Now, let's find some other things hiding in nature. Just remember that all things in nature have a special place. Make sure you leave them here, so others can find them too!

Rough bark

Snag (standing, dead tree)

Smooth bark

Rock

Many things in nature go unseen.
Their size, color and location can make
them hard to find.

Fern

Moss

Pollinator

Acorn

On your walk today, see if you
can find some of these things.
